

## Title for a Rough Draft

Name <sup>\*</sup> <sup>1</sup> and Possibly others <sup>†</sup> <sup>2</sup>

<sup>1</sup> *Institution 1.*

<sup>2</sup> *Institution(s)*

Date: March 25, 2021

### Abstract

Words

## 1 Section

Label1

### Outline for this section

Some more words. A comment

### 1.1 Sub-Section

Label2

#### Outline for this sub-section

Words again, placeholder for a citation REF PaperX FER

$$a = b + c$$

(1)

anEqn

The equation label shows up on the pdf. Makes it easy to cite an equation number (2)

## A An Appendix

$$c = d + e$$

(2)

Eqn2

See how the equation numbers just continue from the main text. This will be taken care of later
